Enjoy the
Automotive Technology
in your Windows

Soft Part

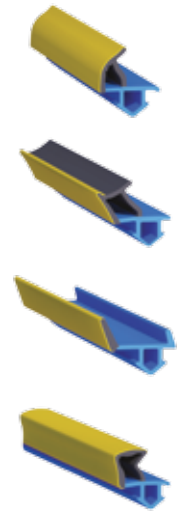

Low permanent deformation
Perfect sealing

Rigid Part

It is not shrank in the profile gaps.
It does not come out from the profile gaps.
It is inserted automatically in the profile gaps.

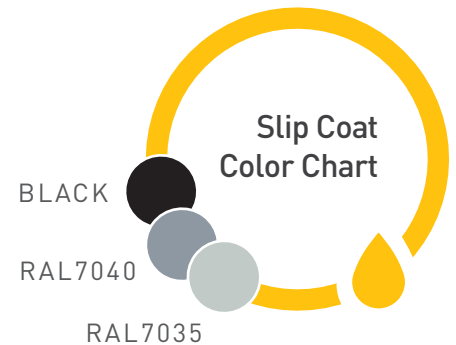

Slip Coat

Aesthetic appearance
Slippery surfaces
Excellent weather resistance
Excellent abrasion resistance

What are the advantages ?⁺⁺

- + It is %15-20 lighter than standard TPE gaskets.
- + It is not shrank due to the new developed rigid part.
- + It is not twisted and involuted due to slip coat technology.
- + It is dust - dirt resistant and waterproof due to slippery coating technology.
